

Aztec Group shortlisted at The Drawdown Awards 2021

We're proud to have been shortlisted at The Drawdown Awards in the category of '*Fund Administration: Over \$50bn (total assets under administration)*'. The Drawdown Awards celebrate excellence and innovation within private capital fund operations.

We've experienced another great year of organic growth, attracting significant new business across all of our locations and now manage over €440bn in AUA and more than 450 funds for a wide range of clients.

The winner will be decided by a panel of private capital fund COOs, CFOs, CCOs, GCs and CTOs, with winners announced at the official awards ceremony on Thursday 23rd September in London.

The service provider categories celebrate suppliers and vendors that have demonstrated expertise and top-class client services standards in their provision of services and advice to the private equity fund community.
